## Who Got A New Kardashian Butt? – IMPLANTS – TAKE A LOOK!

“It looks as though Christina jumped on the Kardashian bandwagon. Through her dress I cannot exactly tell if she has done a Brazilian Butt Lift or has had Butt Implants, though it seems she’s definitely augmented her butt, I’m leaning more towards implants because it doesn’t seem she’s had liposuction anywhere to harvest the fat from for a Brazilian Butt Lift,” says Dr. Douglas A. Taranow.
