Doctor to the stars – [Dr. Douglas A. Taranow \(www.taranow.com\)](http://www.taranow.com) – has looked over all those famous faces at the Globes and is revealing to NAUGHTY GOSSIP who got it right – and now much it cost!

J Lo:

J Lo looks amazing, it seems she's had botox completely around her eyes and forehead which is about 1k work, she has Juvederm Voluma in her cheeks (about 3k worth) and has had extensive laser and chemical peels which can range anywhere from 1500-3k per session. She continues to defy time. Total= \$5500-8k

Salma Hayak:

Just like J Lo she's had about the same amount of work done in same places maintaining her youth with fillers and Botox, it also doesn't hurt that her Latina genes helps with her aging process. Total=\$5500-8k

Kate Hudson

She's obviously had a breast augmentation (10k), a Rhinoplasty (\$8500), with Botox in her forehead and Juvederm XC under her eyes and Voluma in her cheeks. I would say about 800 worth of Botox, and 1k in Juvederm xc and 3k in Voluma. Kate continues to exude sex appeal despite two children. Total=\$23,900

Katie Holmes

Katie looks as though she's had the works with Botox, and has gone the same route as Kate doing Juvederm xc under her eyes and Voluma in her cheeks Her long body lines and smooth skin keep her looking vibrant. Total= \$5400 of maintenance

Jessica Chastain

Jessica looks phenomenal for her age. It appears this look has been aided by Botox to her forehead and cheek fill with Voluma..Total: \$2,500

Jane Fonda

Wow, can't believe she is 77! I do believe she has had a face lift, a brow lift, and a blepharoplasty (eyes lids) done and is mainting her youthful look with botox and fillers such as Voluma. Total= Surgeries: \$33,500 Fillers: \$4k
